Dear Mr Stemp

Development of Busselton Health Campus (EPBC 2011/6011)

I refer to your correspondence of 15 May 2013 requesting a variation to conditions 8 and 10 of the Approval dated 20 June 2012.

The Approvals Monitoring South Section has the responsibility for managing projects that have been approved. Your request has been assessed and the following advice is provided.

As delegate of the Minister for Sustainability, Environment, Water, Population and Communities, I have decided to approve your request to vary conditions 8 and 10 and consequently Attachment A of the approval in accordance with the provisions of the national environment law, the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act). Conditions 8 and 10 must now be undertaken in accordance with the varied condition specified in the variation notification, which has been attached for your information.

The variation of conditions of approval does not relieve the person to whom it has been granted from an obligation to comply with any other law of the Commonwealth, state or territory that is applicable to do the action and to have any right, title or interest that is required to access land or waters and to do the action.

Amendments in respect of the numbers of trees and replanting commitments will need to be reflected in the Western Ringtail Possum Management Plan (WRMP) and the Revegetation Management Plan (RMP) prior to the additional tree clearing. Accordingly, you are now required to review and resubmit for approval the WRMP and the RMP in accordance with condition 5 of your approval.

If you have any enquiries please contact Carol Oates on 02 6274 2204.

Yours sincerely

Shane Gaddes
A/g Assistant Secretary
