Join the Albany team in 2019 and be a central part of the local community:

- * build professional relationships
- * be supported in your learning by top-quality mentors and clinical supervisors
- * be an integral part of a small team working in a multidisciplinary environment with limited resources, and
- * enjoy the freedom to explore the attractions of the regions in your time away from work

Enhanced Care and Services at Albany Health Campus

Albany hospital underwent a major redevelopment in 2013 and was transformed into the state-of-the-art Albany Health Campus. From this facility health care is delivered to more than 59,000 of the regions local residents and visitors. As the Regional Hospital, Albany Health Campus also supports the region's smaller hospitals to provide improved clinical services to residents closer to home. The new Albany Health Campus has 134 beds with the latest technology and IT applications. This ensures the delivery of streamlined health services in a contemporary and innovative hospital; responsive service; care via collaborative working practices and quality assured patient services. The hospital has general and specialised services for a diverse case-mix, along with highly motivated medical staff and many learning opportunities.

Albany is a scenic port city located 400km south of Perth, perched on the Southern Ocean and facing Antarctica. There is plenty to explore in your time away from work and many outdoor activities to embrace – including sailing, fishing, surfing, cycling, swimming and bush-walking. A vibrant restaurant/café and arts scene contributes to the attractive lifestyle on offer.

The Role

To provide a high quality of clinical service to all hospital patients under the supervision of clinical supervisors including Registrars, Consultants and other senior staff within a multidisciplinary team. To work within your ability and according to the hospital's core values. To expand your knowledge and skills through the available learning opportunities. Suitable applicants will be able to demonstrate clinical and procedural experience as a registered medical practitioner for a minimum of 6 months in a hospital setting in Australia, New Zealand, the United States of America, Canada, Ireland or the United Kingdom. The Selection Criteria and a complete statement of duties are contained within the Job Description Form.

To Apply

All applications will be received at [MedJobsWA](#). Please refer to the **2019 Centralised Recruitment** section of the [Postgraduate Medical Council of Western Australia](#) website for instructions on how to lodge an application.

Applicants are strongly encouraged to refer to

- ◆ the [2019 RMO Application Guide](#) for step-by-step guidance on the application process via [MedJobsWA](#).
- ◆ The [Job Description Form](#)
- ◆ [Position Advert](#)

All formal applications undergo a merit based assessment in which the selection panel evaluates your written application against the selection criteria. Providing appropriate statements addressing the selection criteria can improve the quality of an application because the selection panel is able to better assess the level of skills, experience and knowledge of applicants. The above reference documents are designed to assist you in this.
