

Psychiatric Emergencies Assessment & Care

Kununurra, 23 October 2024

The Psychiatric Emergencies Assessment and Care (PEACE) Workshop is an interactive 1 day program facilitated by a team of emergency medicine and mental health clinicians, designed for medical practitioners and nurses, who practise in rural and remote settings and are looking to refresh their expertise in mental health diagnosis and treatment.

This program equips participants with the skills required to manage patients with chronic mental health conditions who present to the emergency department in crisis.

The workshop objectives include:

- Mental health assessment and management
- Prescribing and medication complications in mental health patients
- Review of legal aspects of emergency psychiatry
- Increased understanding of crisis intervention and & brief therapies
- Understanding of medications, alcohol, and drug dependence

Program: 8.00am to 5.00pm

Eligibility: All medical practitioners, emergency department doctors and nurses, and paramedics. Priority is given to those working in the local region.

Cost: \$150

Expression of Interest:	Click the date or scan the QR codes or to register your interest for the course. Applications close on 31 July 2024 . Successful candidates will receive written confirmation by email and an invoice for payment.	23 October
