ROTATION OPPORTUNITY IN COUNTRY WA

Kalgoorlie Health Campus

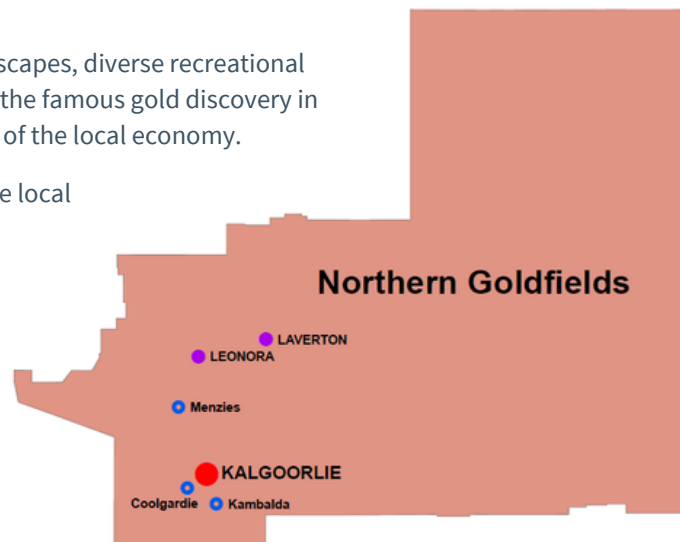

Living and working in Kalgoorlie

The vibrant city of Kalgoorlie-Boulder offers breathtaking outback landscapes, diverse recreational opportunities and an up-and-coming arts and culture scene. Ever since the famous gold discovery in 1893, the mining industry in the area has continued to be the backbone of the local economy.

On your days off, explore Kalgoorlie's gold rush heritage and visit unique local attractions like the Super Pit and the Golden Quest Discovery Trail.

Kalgoorlie Health Campus has a number of services:

- 24-hour Emergency Department
- Acute medical and specialist physician services
- Mental health inpatient unit
- Acute general, orthopaedic and gynaecological surgery
- Palliative care
- Multiple outpatient clinics

Rotations available in 2027:

Employer	Interns	Resident Medical Officer
Joondalup Health Campus	General Medicine, General Surgery, Obstetrics and Gynaecology	Perioperative, Emergency
Royal Perth Hospital	General Medicine, General Surgery	Emergency, General Medicine

Current at time of publishing - subject to change

Supporting your move

Relocation

Kalgoorlie is about a seven-hour drive from Perth. Any junior doctor rotating to a WA Country Health Service site will be rostered off the Sunday directly before their rural term to cater for travel time.

Kilometre usage applicable to a return trip may be claimed at the commencement and conclusion of your employment.

Accommodation

Collect your keys and welcome pack at the Emergency Department front desk. All accommodation is self-contained and fully furnished, including bedding, towels, a washing machine, basic appliances and allocated parking.

You must complete an *Accommodation Request Form* detailing any special requirements so we are able to allocate you appropriate housing if available. Seconded JMOs are not required to pay for accommodation expenses.

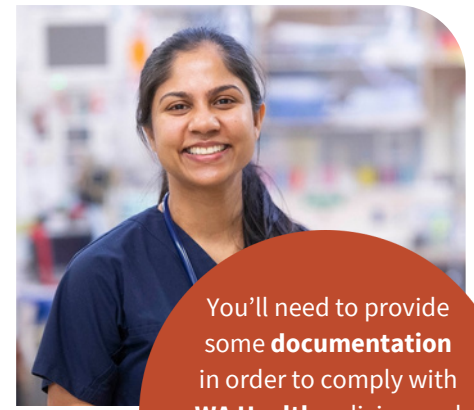

Get involved

There's plenty of opportunities to get involved in the community, including:

- The Goldfields JMOs Society (GJMOS) for social catchups, wellbeing activities and more.
 - Start of term dinner hosted by the Rural Clinical School WA and GJMOS - not one to miss!
 - Stay up to date with local education and social events through the [Goldfields Health](#)
 - [Professionals Network](#).
- Sign up to the popular sports complex, The Oasis - staff may be eligible for a member discount!

Hear from an RMO in
Kalgoorlie!

You'll need to provide some **documentation** in order to comply with **WA Health** policies, and for us to best assist with you with a **smooth transition**.

Requirements

All doctors working at a WA Country Health Service site must have a current:

- Working with Children's Check
- Australian National Police Clearance or Criminal Record Screening
- Pre-Employment Health Assessment Form (N10) (we will contact you via email on how and when to complete this)
- Medicare provider number for your WA Country Health Service site and any other regional site you will be working at. To apply:
 1. Register via PRODA to apply for a provider number online.
 2. Once you have created an account, you will need to enter your WA Country Health Service site details.
 3. Notify your employing hospital of your new provider number/s.

The WA Health Health Care Worker Immunisation Policy requires all doctors working at WA Country Health Service to be immunised for: Diphtheria, tetanus and pertussis (dTpa), Hepatitis B, Measles, mumps and rubella (MMR), Varicella, Influenza, Hepatitis A (as required), and other vaccinations that may become a requirement as directed by WA Country Health Service in the future.

Rosters and leave

- You'll receive your term roster from Kalgoorlie Medical Workforce two weeks prior to your commencement.
- Any leave requests once you've commenced your term must be approved by your Head of Department and a Leave Form submitted to the Kalgoorlie Medical Education Officer.

Orientation and education

- Hospital and departmental orientation commences on the first Monday of your rotation
- You will complete a beginning of term discussion with your term supervisor
- A swipe card and IT access will be arranged for you

Educational activities will be incorporated into your work hours, including formal face-to-face teaching. Additionally, you will have access to bedside teaching, observation, external education sessions, staff meetings and case discussions. Virtual educational programs are also offered by the Central Medical Education Unit.

Assessment and support

Your term supervisor will provide feedback on your progress through EPAs, mid- and end-of-term assessments through Clinical Learning Australia, and transfer with your profile.

The local and central Medical Education Unit teams are always available for support and assistance, so don't hesitate to reach out!

Contacts us

For more information, please contact your local Medical Education team or the WACHS Medical Education Unit.
