## About the Region

The Pilbara Health Region of the WA Country Health Service covers the Pilbara Region of Western Australia. It is Western Australia's second most northern region, defined by the Indian Ocean to the west and the Northern Territory border to the east. The Kimberley region lies to its north across the Great Sandy Desert and the Pilbara's southern reaches border the Midwest and Goldfields regions.

The region covers a total area of 507,896 square km (including offshore islands). Most of the inhabitants are located in the western third, whereas the eastern third is largely desert with few inhabitants. The Pilbara came to national and international prominence during the 1960s when the go-ahead was given to extract iron ore deposits in the region.

## How to Apply

Suitable candidates must be eligible for registration as a Medical Practitioner with the Medical Board of Australia (AHPRA), hold fellowship of the Fellowship with Royal Australasian College of Physicians - Paediatrics and Child Health Division 3 or, have experience deemed equivalent at the date of commencing.
