

Our Regions: Kimberley

The Kimberley is the northernmost region of Western Australia. It is bordered on the west by the Indian Ocean, on the north by the Timor Sea, on the south by the Great Sandy and Tanami Deserts of the Pilbara region, and on the east by the Northern Territory.

Living and Working in the Kimberley

There are a range of different health services available throughout the Kimberley region, most of which are part of the public health system. The region is also home to a number of Aboriginal Medical Services that are mostly based in the region's major towns, with visiting services travelling out to smaller communities across the region.

As one of the remotest, wildest and most beautiful regions, the Kimberley is also home to a vast array of natural attractions including El Questro Wilderness Park; Purnululu National Park; Cable Beach; Lake Argyle; Buccaneer Archipelago; Fitzroy River; Windjana Gorge National Park; Cape Leveque; and the Gibb River Road. Be prepared as the Kimberley is one of the hottest parts of Australia, with incredible storms common during the wet season.

Broome Health Campus

Broome Health Campus is the regional hospital for the Kimberley, with a 59 bed ward it has a busy secondary referral Emergency Department, experiencing over 21,000 presentations each year and an active High Dependency Unit (HDU). Anaesthetic exposure and regional rotations to Derby and Kununurra may also form part of your Broome experience. The hospital is run by a dedicated, enthusiastic team of rural generalists who have extensive experience working in the Kimberley.

Experience the beauty and lifestyle of the Kimberley, as you explore a different approach to medicine in friendly and supportive team and dynamic environment.

Broome Health Campus Medical Education and Support

The Medical Education program at Broome Health Campus is developed and led by the regional Director of Clinical Training (DCT) and coordinated by the Medical Education Officer (MEO). The DCT and MEO at Broome Health Campus will support you during your rural placement with supervision provided by your departmental clinical supervisor. You can expect comprehensive education and training including; clinical supervision, regular education sessions, orientation and assessment support, simulation training, and a range of professional development programs.

Supporting your move to Broome

The regional Medical Education Officer (MEO) is there to support your transition from city to country. Make early contact to confirm start dates and times, receive orientation information and discuss options and support for accommodation and transport to the Kimberley.

Applying to WA Country Health Service (WACHS)

Intern Positions at Broome Health Campus

Intern applicants have the option of selecting Broome Health Campus for their internship via MedJobsWA at <https://medjobswa.mercury.com.au> through the Centralised Intern Recruitment Process. Applicants can select WACHS as their Primary Employing Health Service, and then rank their preferred WACHS locations. Successful intern applicants receive a 3-year WACHS contract with the ability to move between WACHS locations at the completion of internship.

Rotational Opportunities

Applicants can express interest for rural rotations via MedJobsWA through the Centralised Intern Recruitment Process. Intern rotations to Broome Health Campus are available, for one or two terms, from Fiona Stanley Hospital. **Note: Allocation to rural terms is determined by the employing hospital's term allocation process.**

Employed by:	Intern Rotations	RMO Rotations
Fiona Stanley Hospital	Broome - General Medicine, General Surgery	
Joondalup Health Campus		Broome - Emergency Medicine

Resident Medical Officer Positions (RMO) at Broome Health Campus

WACHS is a direct employer of RMOs at Broome Health Campus through the Centralised Recruitment Process.

RMO rotations to Broome Health Campus are available from Joondalup Health Campus. Additional RMO rotations are available to Kununurra and Derby via the Rural Community Residency Program (CRP). Please refer to <https://www.wacountry.health.wa.gov.au/Our-workforce/Work-with-us/Medical-workforce/Junior-doctors/WACHS-placement-opportunities> for information about this program.

How to Apply

Applications for Intern and RMO positions must be submitted via MedJobsWA through the Centralised Recruitment Process. In your application, clearly state your interest and suitability for a rural position. Selection and appointment will be based on merit.
